### Product Description

#### Product introduction:

Fake peonies that look real are available in pink, dark pink, rose red, light pink, yellow, and white to better match different usage scenarios.

Silk peony flowers use high-quality silk flowers to ensure that the flowers are realistic and lifelike.

#### application:

This silk peony bouquet is suitable for many occasions, including wedding decoration, photography props and home decoration. At weddings, artificial peony bouquet can be used as an exquisite bouquet decoration to add a romantic atmosphere to the venue; in photography, it can become an eye-catching prop; and in home decoration, it can inject natural and fresh floral fragrance into the indoor space.

#### maintain:

Because the fake peony bouquet uses silk flowers, it is easy to maintain. Avoid prolonged direct sunlight and gently shake the bouquet regularly to maintain its shape. If you encounter dust, use a hair dryer or soft brush to gently remove dust. Keeping the room well ventilated will extend the life of your bouquets.

We provide OEM and ODM customization services to support personalized needs and ensure that each bouquet is a unique work of art. This faux flower bouquet will bring timeless beauty to your special occasions and home spaces.
